Before opening a bag of seed, be sure to read and understand the stewardship requirements, **including applicable refuge requirements for insect resistance management**, for the biotechnology traits expressed in the seed as set forth in the Monsanto Technology Agreement that you sign. By opening and using a bag of seed, you are reaffirming your obligation to comply with those stewardship requirements.

Monsanto Company is a member of BIO's Excellence through StewardshipSM (ETS) Initiative. This product has been commercialized in compliance with the ETS and Monsanto Product Launch Stewardship policies, after meeting applicable regulatory requirements in key export markets with functioning regulatory systems. Any crop or material produced from this product can only be exported to, or used, processed or sold in countries where all necessary regulatory approvals have been granted. It is a violation of national and international law to move material containing biotech traits across boundaries into nations where import is not permitted. Monsanto encourages growers to talk to their grain handler to confirm their buying position for this product. Excellence through StewardshipSM is a service mark of Biotechnology Industry Organization.

B.t. traited products may not be registered in all states. Check with your seed representative for the registration status in your state.

Always Read and Follow Pesticide Label Directions. Roundup Ready[®] crops contain genes that confer tolerance to glyphosate, the active ingredient in Roundup[®] agricultural herbicides. Roundup[®] agricultural herbicides will kill crops that are not tolerant to glyphosate.
